SAFE • SOLID • SECURE

2016 PRODUCT CATALOGUE

AV MOUNTS AND ACCESSORIES

WELCOME TO THE 2016 EDITION OF THE B-TECH CATALOGUE...

I am pleased to introduce you to B-Tech's latest product catalogue. As the AV industry continues to evolve and converge, it is important that companies who play a supporting role (such as B-Tech) do likewise. Led by the head-office in Northamptonshire, UK, B-Tech's eight office and distribution facilities around the world, together with a global distribution network, supports you wherever you are, with the same emphasis on product quality, good pricing and excellent service.

To coincide with the release of this new catalogue, we are pleased to launch System X - B-Tech's all new range of premium video wall, digital signage and menu board mounting solutions. System X consists of highly aesthetic, yet efficient and effective mounting solutions designed specifically for multi-screen installations. This highly flexible range caters for any requirements you may have. For example, ready-made universal mounting kits for freestanding and mobile video walls (e.g. BT8370-2X2 or BT8371-3X3) are available as standard and provide a hassle free alternative to screen specific solutions you may have seen elsewhere. For the more custom / bespoke solution, a comprehensive modular system is also available, allowing you to pick and choose what components are required - all backed-up by a new online configuration tool that does all the hard work for you.

Aside from the new System X range, B-Tech continues to offer a mounting solution for every screen available - ranging from the larger, heavy duty interactive flat panel displays to the smaller CCTV screens. With such an extensive range available, B-Tech's range of AV mounting solutions can be categorised into three main groups:

- **B-Tech Professional** - a comprehensive range of mounting solutions for AV equipment including Flat Panel Displays, Projectors and Speakers. Ideal for systems integrators and installers.
- **B-Tech Bespoke Solutions** - if a solution is not provided in our range, then our global technical team offers a tailor-made service for any bespoke / ODM project. B-Tech can provide the full chain of services from the complete design and production process to just production of an existing product. Utilising our various production facilities around the world including laser cutting machines, CNC production and stamping, B-Tech can produce bespoke products in quantities of 1pc to 100,000pcs!
- **B-Tech Consumer** - taking our experience from the stringent Professional market, B-Tech offers the Ventry Range of AV Mounts and Accessories which are ideal for retail channels large and small, with full colour multi-lingual packaging and POS materials.

Our mottos of Safe Solid Secure and Better by Design have never been more true. Please visit our website at www.btechavmounts.com or follow us on Social Media to be kept up to date with all the latest developments with B-Tech around the world. B-Tech will also be participating in industry events around the world, such as ISE and InfoComm, so please try and visit us at one of these shows where we will be happy to meet you.

The Professional's Choice for Audio Video Mounts and Supports

B-Tech Audio Video Mounts is a leading original design manufacturer of professional AV mounting solutions whose mounts are installed in some of the most prestigious sports stadia, hotels, schools, shopping malls, airports and conference facilities worldwide. B-Tech's professional range consists of B-Tech brands; Mountlogic, System 2, System V, Pro Install and the brand new System X range. Mounts and supports are designed in the UK to meet the stringent GS/ TUV safety standards and come with a 10-year* lifetime guarantee. From distribution centres all across the globe, B-Tech are able to offer a same-day dispatch service from stock, getting the product there on-time for that important install. The B-Tech Range of AV mounts is designed to make professional installations safe, solid and secure, whilst providing simple, cost effective solutions for commercial and public installations.

*Guarantee length varies on certain products, please refer to B-Tech's price list for more details.

SYSTEM

NEW
RANGE

Premium mounting solutions for video walls, digital signage and menu boards

B-Tech's brand new System X range consists of premium mounting solutions for video walls, digital signage and menu boards and is also ideal for the broadcast and video conferencing markets. The mounting system is lightweight yet incredibly strong and has a high-end aesthetic quality which gives a premium finish without sacrificing any of the reliability that B-Tech products are renowned for. Designed for multi-screen installations, the range is universally compatible with all video wall screens and is available in an almost endless variety of configurations - either as a ready made kit for convenience or in modular component form for more specialist custom requirements. The range is also compatible with the System 2 collar and pole system and when used together creates one of the most versatile and comprehensive ranges available on the market today.

B-TECH PROFESSIONAL

BT8330

NEW
PRODUCT

System XTM Universal Menu Board Mounting System

The BT8330 is a modular mounting system designed for menu board installations of any length. As part of the new System X Range, the BT8330 can be used in thousands of different configurations and must be ordered according to your requirements. This process is made easy using B-Tech's online configuration tool - simply enter a few details (such as number of screens and their size) and the configurator will select all of the components needed and create a single part code with which to place your order.

- Modular menu board mounting system designed for all sized screens up to 50kg (per screen)
- Fits screens with VESA® and non VESA fixings from 75 x 75mm up to 800 x 400mm
- Can be used in a variety of configurations
- Suitable for landscape or portrait mounting
- Multiple rail lengths available (rails can be also be joined)
- Choice of 5 different interface arms:
 - VESA 200* fixed
 - VESA 200* tilt
 - VESA 400* fixed
 - VESA 400* tilt
 - VESA 400* with micro-adjustment
- All arms feature levelling screws to adjust the screen height
- Tilt arms feature up to +20° tilt
- Micro-adjustment arms allow screen depth to be adjusted at each corner
- Compatible with System 2 collars for pole mounted installs
- Safety screws help prevent unauthorised removal of screens

**Please note the VESA specification refers to the vertical dimension only, arms can be spaced apart as wide as necessary.*

BT8330 Features

Premium finish gives a contemporary, high-end aesthetic quality

Tilt arms feature +20° tilt adjustment

A choice of interface arms are available: VESA 200 fixed, VESA 200 tilt, VESA 400 fixed, VESA 400 tilt and VESA 400 with micro-adjustment

Rails are available in 0.7m, 1.5m, 1.75m and 2m lengths but can also be joined together. However, our configuration tool will do all calculations for you and work out the required length needed

Universal Menu Board Mounting System

BT8350

Installation Video Guide

With an estimated build time of just 20 minutes to complete a 3 x 3 video wall, putting together your frame couldn't be easier.

To show how easy it is to set up the BT8350 we have created a short 6 minute video demonstrating the ease of installing the most popular video wall configuration - 3 x 3.

Visit www.btechavmounts.com/BT8350 to watch the demonstration video under the 'Video' tab at the bottom of the page.

Scan here
to view the
installation video

Maximum Configurations

For **landscape** configurations:

Install unlimited vertical columns and
horizontal rows up to 7 monitors (dependent on screen size)

*You may also select from various floor heights for your Video Wall Mount

For **portrait** configurations:

How to Choose Your Free Standing Video Wall Mount

1. Select your monitor size: 46", 55", 60"
2. Decide on landscape or portrait monitor mounting.
3. Decide on amount of vertical columns and horizontal rows.
4. Visit our online configurator for your mounting solution:

www.btechavmounts.com/bt8350-configurator

If you have a requirement which is not covered by the options above or by the configurator please speak to your B-Tech Sales Manager as the BT8350 is a custom mounting solution which can be tailored to your requirement.

Or scan below
to try now

BT8350 & BT8351

Multiple configurations

The BT8350 and BT8351 are modular solutions which can be used in multiple mounting configurations, making them ideal for temporary or rental video wall applications.

For example, purchasing a 4x4 screen configuration as shown here will allow you to mount screens in all of the different configurations shown below.

Freestanding Curved Video Wall Mount

- Designed for narrow bezel monitors of 46", 55" and 60" up to 50kg per monitor
- Modular design is quick and easy to install - perfect for temporary or rental video wall applications
- Can be ordered for use in landscape or portrait orientation
- Tool-less micro-adjustments at 8 points for seamless display alignment
- Integrated Fast-fit Connectors mean no loose fixings
- Captive, fast-fit nuts and screws make assembly and disassembly quick and easy
- Strong, reinforced modular structure is coated in Epoxy powder which is both stylish and durable, perfect for repeated assembly
- Quick and simple assembly/disassembly with self stacking frames for easy transportation
- Adjustable curve up to 30° per column
- Maximum structure limits
Columns: Unlimited
Rows: 7 with 46" screens in landscape
6 with 55" screens in landscape
5 with 60" screens in landscape
3 with 46", 55", 60" screens in portrait
- Accessories such as Braked Castors and Floor Fixing Kit available separately - **see page 22**

Choice of floor height options

Tool-less micro-adjustments

Captive wingnuts and screws - no loose bolts!

Curve adjustment of up to 30° per column

BT8352

Multiple configurations

The BT8352 is a modular solution which can be used in multiple mounting configurations, making it ideal for temporary or rental video wall applications.

For example, purchasing a 4x4 screen configuration as shown here will allow you to mount screens in all of the different configurations shown below.

BUY A 4x4 CURVED VIDEO WALL MOUNT

USE IT FOR ANY OF THESE CONFIGURATIONS

OR... GO LARGER AND CREATE TRULY SPECTACULAR INSTALLATIONS!

30° curve adjustment per column means a BT8352 kit using 7 columns can be assembled in a complete 180° semi-circle configuration.

Please visit www.btechavmounts.com/BT8352 or contact us to specify your exact requirements and we will advise you on your ideal solution.

BT8350, BT8351 & BT8352

Customise Your Free Standing Video Wall Mount

The **BT8350**, **BT8351** and **BT8352** all come with optional mounting accessories. These accessories are compatible with specific products, please consult the compatibility table opposite where a breakdown is provided.

BT8350-HFA

Hanging Frame

Hanging Frame

With our hanging frame the BT8350 can be suspended from a secure ceiling. The frame attaches to the top and rear of the BT8350 and can hold up to 5 screens per column, with a maximum weight of 350kg per column.

BT8350-CW

Castors

Braked Castors

The BT8350, BT8351 & BT8352 all come with height adjustable levelling feet as standard but we also offer options to fit castors as an alternative if there is a requirement for the video wall to be mobile once assembled. Several options are available depending on your requirement and must be specified at the time of ordering, please speak to your Area Sales Manager for more information.

Braked castors feature swivel in all directions.

BT8350-FBFK

Floor Base Fixing Kit

Floor Base Fixing Kit

For a totally secure installation our floor base fixing kit allows your Freestanding Video Wall to be bolted down to a concrete floor, preventing the frame from being moved. Using the floor base fixing kit will also allow you to build taller video walls without the need to add ballast to support the floor base. Each kit comes with 4 brackets per base.

BT8350, BT8351 & BT8352

Aesthetic Covers

The **BT8350**, **BT8351** and **BT8352** are all available to order with an optional covering to hide unsightly fixings and give a highly polished, flush video wall. Be it curved, fixed or pop-in/pop-out configurations these covers really complete the product and add to it's already aesthetically pleasing quality.

Video Wall Mount

Example 3x3 Landscape

Professional Video Wall Mount with Quick Lock Push System

- Dramatically shorten installation times by reducing the need for measuring and complicated calculations with the use of screen specific spacers and 8 point micro-adjustments for perfectly aligned screens every time
- Designed for video wall screens up to 50kg
- Modular mount for unlimited wall display configurations
- Fits screens with VESA® mounting patterns from 200 x 200mm up to 600 x 400mm
- Screen model-specific wall plate spacers are available and dramatically shorten install times by eliminating guesswork and on-site installation calculations
- Suitable for landscape or portrait screen mounting
- Ideal solution for mounting video walls or single screens into recessed walls
- Tool-less micro-adjustments at 8 points for seamless display alignment - **see page 26 for details**
- Displays click securely into place against the wall with spring-loaded mechanism
- Push to open / push to close system provides quick and easy service access
- Integrated cable management
- Safety screws to help prevent unauthorised removal of the screen
- Locking kit (**BT8310-LK**) to prevent accidental pop-out of mount is also available (separately)
- Please note the recommended minimum screen size which can be mounted is 42" with a minimum screen height of 542mm when mounted in a landscape configuration or 557mm when mounted in a portrait configuration

BT8310-SP

Spacer Kits

Custom Wall Plate Spacers for BT8310 and BT8311 Video Wall Mounts

- Eliminate tedious alignment calculations and guess work
- Spacers available for all video wall screen brands such as LG, Samsung, Sharp, Philips, NEC, and Orion
- Only one spacer kit is required per install and can be re-used for multiple installations
- See table below to find out which spacer is required for your installation

Wall plate spacers are available for the **BT8310** and **BT8311** that eliminate tedious alignment calculations, meaning less time is wasted through measuring and 'guesswork'. These spacers are available to order separately and are screen specific for all popular brands. **To find out which spacer kit is needed for a specific screen please see the table below.**

Mounting with Spacers - Landscape

If your screen is not listed in the table below please go to www.btechavmounts.com/BT8310 or scan the QR code above to view the most up to date list.

Mounting with Spacers - Portrait

Accessories - VESA Adaptors and Spacers for BT8310 and BT8311

This list reflects the latest video wall screens available on the market (at the time of printing), for a complete list, including older models, please see www.btechavmounts.com/BT8310

If you have a bespoke spacer requirement we are also able to make these to order with no M.O.Q.

**VESA adaptors now included as standard!*

BT8311

Video Wall Mount

Example 2 x 2 Landscape

Professional Video Wall Mount

- Dramatically shorten installation times by reducing the need for measuring and complicated calculations with the use of screen specific spacers and 8 point micro-adjustments for perfectly aligned screens every time
- Designed for video wall screens up to 50kg
- Fits screens with VESA® mounting patterns from 200 x 200mm up to 400 x 400mm
- VESA® adaptor kit included for mounting patterns of 600 x 400mm
- Tool-less micro-adjustments at 8 points for seamless display alignment - see below
- Modular mount for unlimited wall display configurations
- To allow access to the micro-adjustment in video wall configurations with more than 2 rows, it is recommended that the BT8311 be used in conjunction with BT8310 pop-in, pop-out video wall mount - See opposite page for more information
- Screen model-specific wall plate spacers are available and dramatically shorten install times by eliminating guesswork and on-site installation calculations - See previous page
- Suitable for landscape or portrait screen mounting
- Integrated cable management
- Safety screws to help prevent unauthorised removal of the screen
- Please note the recommended minimum screen size which can be mounted is 42" with a minimum screen height of 542mm when mounted in a landscape configuration and 571mm when mounted in a portrait configuration

Vertical
pole
mounted

Horizontal
pole
mounted

8 Point tool-less micro-adjustments for seamless display alignment

- 1: Independently adjust the depth of each corner of the screen by up to 14mm
- 2: 12mm vertical adjustment to raise or lower screen position
- 3: Laterally adjust and lock the screen into position

BT8311

Example Installations

Applications

In addition to wall mounting, the BT8311 is collar compatible, making possible an endless amount of pole mounted configurations which utilise either horizontal or vertically mounted poles.

Using BT8311 together with the BT8310

In order to access all of the adjustment options when wall mounted in configurations with 3 or more rows, it is recommended that the BT8311 is used together with the BT8310. It is recommended that these mounts should be used in alternating rows to ensure easy access during installation and throughout any future servicing of the screens.

2 x 2 Installation (No BT8310 required)

3 x 3 Installation (3 BT8310s recommended)

2 x 5 Installation (4 BT8310s recommended)

B-TECH PROFESSIONAL FLAT SCREEN MOUNTS

B-Tech flat screen mounts not only offer all the great features below, they are also supplied with a comprehensive hardware kit so you don't have to buy any other fixings or hardware to mount your screen. With both VESA® compliant and universal flat screen mounts in the range, B-Tech flat screen mounts provide solutions for installations of screens from 15" to over 100".

OWLS™ - On Wall Levelling System

The OWLS™ feature on B-Tech mounts allows the wall mounting plate to be levelled after it's attached to the wall. This means that if the mount is not quite level then you don't have to re-drill your wall.

Easy 1-2-3 Step Installation

B-Tech mounts are supplied pre-assembled for a quick and easy installation every time. It's no surprise we are chosen time and time again by professional installers.

CLIPLOGIC™ Cable Management

Many B-Tech mounts feature integrated cable management. On B-Tech wall arms, B-Tech also supply **CLIPLOGIC™** cable management clips for quick and stylish cable management.

Curved Screen Compatible

Our professional mounts are all compatible for use with the latest generation of curved screen TVs using VESA® mounting patterns

Pin-Hex Security

For added security and safety, B-Tech provides Pin-Hex Security Screws and Keys as standard across the range of professional flat screen mounts. These simple security screws are an added deterrent to anyone considering removing the screen without the correct tool.

Compatible with System 2™

Many of the mounts featured in this catalogue are compatible with the System 2™ Professional Mounting Range from B-Tech. For more information on alternative installation options please see **page 69**

BT7165

AV Component Shelf

For use with BT8010

- Glass shelf designed for AV equipment up to 7.5kg
- Shelf dimensions: 450mm x 320mm

*Picture shows 2 shelves mounted to a BT8010 (available separately)

BT8320

Portrait Mounting

Flat Screen Wall Mount for Portrait Digital Signage Displays

- Designed for screens up to 55" (140cm) / 70kg
- Maximum distance between fixings: **H:** 410mm x **V:** 755mm
- Fits VESA® fixings up to 600 x 400mm
- Can also be fitted in landscape style
- Mounts screens just 41mm from the wall
- Simple 'hook-on' installation with all mounting hardware included

Single Pole Double Poles

BT7502

VESA 200 x 200

VESA® Adaptor Plate*

Registered Design Number: 001713280-0001

- Converts VESA® 75 x 75mm, 100 x 100mm or 200 x 100mm to VESA® 200 x 200mm
- Can also convert to 200 x 100mm

BT7505

Universal

Universal Flat Screen Adaptor*

- Converts VESA® 75 x 75 or 100 x 100mm to a universal interface with maximum screen fixings of **H: 123mm - 570mm** x **V: 300mm**

BT7542

VESA 200 x 100

VESA 200 x 200

VESA® Adaptor Arms*

Registered Design Number: 001713280-0017

- Converts VESA® 100 x 100mm to VESA® 200 x 100mm or VESA® 200 x 100mm to VESA® 200 x 200mm

BT7540

VESA 400 x 200

VESA® Adaptor Arms*

Registered Design Number: 001713280-0016

- Converts VESA® 200 x 200mm to VESA® 300 x 200 or 400 x 200mm
- Use two sets to convert to VESA® 300 x 300, 400 x 300 or 400 x 400

BT7564

VESA 600 x 400

VESA® Adaptor Arms*

AVAILABLE
AS STANDARD
ON BT8310 &
BT8311

- Converts VESA® 400 x 400mm to VESA® 600 x 400mm
- Compatible with B-Tech video wall mounts, simply attach to allow use with screens with VESA® mounting patterns of 600 x 400mm
- Ideal for BT8370, BT8371, BT8350 or BT8351

Registered Design Number: 002741256-0007

**Important: Screen size and weight limit dependent on mount to which the adaptor is attached.*

Flat Screen Ceiling Features

Have you considered ceiling mounting your screen?

In many situations, ceiling mounting a screen is an attractive alternative to wall mounting. Ideal for open plan areas, ceiling mounting allows you to position your screen in the perfect location in the room, without having to focus the rest of the room around a wall. With solutions for both flat and angled ceilings, for either single or double screens B-Tech have mounting options for virtually any application.

- Telescopic arm mounts projector 880mm - 1510mm from wall

Premium Desk Mounts

Fixed

BT7371

- Designed for screens up to 28" (71cm) / 9kg
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Easy tilt adjustment +/- 40°
- Desk clamp and grommet fixings included

Single Arm

BT7372

- Designed for screens up to 28" (71cm) / 9kg
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Maximum extension: 285mm
- Easy tilt adjustment +/- 40°
- Desk clamp and grommet fixings included

Double Arm

BT7373

- Designed for screens up to 28" (71cm) / 9kg
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Maximum extension: 457mm
- Easy tilt adjustment +/- 40°
- Desk clamp and grommet fixings included

Twin Screen

BT7374

- Designed for 2 screens up to 28" (71cm) / 9kg per screen
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Maximum extension: 457mm
- Easy tilt adjustment +/- 40°
- Desk clamp and grommet fixings included

Full Motion Desk Mounts

Single Arm

BT7382

- Designed for screens up to 28" (71cm) / 9kg
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Maximum extension: 390mm
- Easy tilt adjustment +/- 40°
- Desk clamp and grommet fixings included

Double Arm

BT7383

- Designed for screens up to 28" (71cm) / 9kg
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Maximum extension: 560mm
- Easy tilt adjustment +/- 40°
- Desk clamp and grommet fixings included

Twin Screen

BT7384

- Designed for 2 screens up to 28" (71cm) / 9kg per screen
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Maximum extension: 560mm
- Easy tilt adjustment +/- 40°
- Desk clamp and grommet fixings included

Premium and Full Motion Mounting Accessories

Accessory Shelf

BT6045

- Designed for use with B-Tech Full Motion Desk Mount Range
- Creates an ergonomic workstation for a laptop computer or telephone up to 9kg
- Fits to mounts with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Platform dimensions: 250mm x 250mm

* Example installation shows BT6045 mounted to BT7382 desk mount (available separately)

Wall Mounting Adaptor

BT7399

- Designed to attach any B-Tech Premium or Full Motion Desk Mount to the wall
- Retains all movement functionality of the attached desk mount
- Features built in 'level bubble'

* Mount sold separately

360° Desk Mounts available in various heights

BT7553

Single

- Designed for screens using VESA® mounting patterns 75 x 75 or 100 x 100mm up to 23kg per screen
- Easy tilt adjustment +/- 10°
- 360° swivel
- 360° screen rotation
- Integrated cable management
- Can be mounted to the ceiling, floor or desktop

Per Screen

Heathrow Airport (T3), London

Tourist Office, Manchester

The All England Lawn Tennis Club, Wimbledon

The Professional's Choice for Audio Video Mounts and Supports

The System 2 range is a component based system designed for professional AV installations. For greater flexibility and convenience, components are supplied individually and can be used to create custom installations to suit almost any application. The range works on a modular principle utilising 50mm (2") diameter poles which can be mounted to the wall, ceiling, floor or to specialist structures such as joists or purlins. The range can also be used with B-Tech professional flat screen wall mounts as well as the new System X Range of video wall/menu board mounts to create one of the most versatile mounting systems in the world.

SYSTEM 2

QUICK-START GUIDE FLAT SCREEN CEILING MOUNTS BASIC INSTALLATION

This quick start guide demonstrates the steps taken to create a basic flat screen ceiling installation using the System 2 range. Follow the listed steps to create the ideal bespoke installation for your mounting needs.

For more information or to see how the range can be used in alternative installations, please contact us at info@btechavmounts.co.uk

STEP 1: CHOOSE A CEILING MOUNT

PRODUCT CODE	DESCRIPTION
CEILING MOUNTS	
BT7807	Heavy Duty Twin Pole Floor/Ceiling Mount
BT7808	Ceiling / Wall Mount with Tilt
BT7822 (Pictured)	Heavy Duty Floor/Ceiling Mount
BT7851*	Telescopic Ceiling Mount
SPECIALIST MOUNTS	
BT7012	Purlin Mount
BT7014	Joist Mount
BT7017	I-Beam (Girder) Mount
BT7803	Wall Mount
BT7825	Truss Clamp
BT7831	Wall Mounting Bracket

*BT7851 Telescopic Ceiling Mount does not require an additional pole - go straight to step 3

STEP 2: CHOOSE A Ø50MM POLE

PRODUCT CODE	LENGTH*
POLES	
BT7850-025	0.25m
BT7850-050	0.5m
BT7850-100 (Pictured)	1m
BT7850-150	1.5m
BT7850-200	2m
BT7850-300	3m

*Pole Joiners can be used to extend poles, simply select additional pole to be joined after selecting a joiner below

PRODUCT CODE	DESCRIPTION
JOINER	
BT7823	Internal Pole Joiner

BT7807 (Pictured)	Heavy Duty Twin Pole Floor/Ceiling Mount
BT7822	Heavy Duty Floor/Ceiling Mount

STEP 4: CHOOSE A POLE ADAPTOR

PRODUCT CODE	DESCRIPTION	COLLARS REQ
HORIZONTAL TO VERTICAL POLE ADAPTOR		
BT7025 (Pictured)	Horizontal Pole Adaptor	2 (per pole)

STEP 5 & STEP 8: CHOOSE COLLARS*

PRODUCT CODE	DESCRIPTION
COLLARS	
BT7051 (Pictured)	Heavy Duty Accessory Collar
BT7052	Accessory Collar
BT7841 (Pictured)	2-Piece Accessory Collar

*Please note the mounts pictured require more than 1 accessory collar, please see Step 7 for collar requirements

STEP 7: CHOOSE A MOUNT

PRODUCT CODE	DESCRIPTION	COLLARS REQ
SCREEN MOUNTS		
BT8310	Pop-In, Pop-Out Video Wall Mount	2 per pole
BT8311	Professional Video Wall Mount	2 per pole
BT9903	Heavy Duty Flat Screen Wall Mount	4 (2 per pole)

B-TECH PROFESSIONAL COMPONENT SYSTEM

SYSTEM 2 POLE MOUNTING RANGE

The System 2 range is a component based system designed for professional AV installations. For greater flexibility and convenience, components are supplied individually and can be used to create custom installations to suit almost any application. The range works on a modular principle utilising 50mm (2") diameter poles which can be mounted to the wall, ceiling, floor or to specialist structures such as joists or purlins. Any number of AV mounts and accessories can then be added using B-Tech accessory collars.

50mm Diameter Poles

50mm Diameter Poles

- Available in black, silver or chrome
**Please note 3m model is not available in silver*
- Can be cut to length if required
- Poles are internally unobstructed to allow cables to pass through easily
- Features safety bolt holes at top and bottom for secure installation
- Poles can be linked together using BT7823 or BT7824 Joiners
- Includes BT7057 pole ring

Lengths Available:

BT7850-025 - (0.25m), BT7850-050 - (0.5m), BT7850-100 - (1m), BT7850-150 - (1.5m), BT7850-200 - (2m), *BT7850-300 - (3m)

BT7822

Fixed

Heavy Duty Ceiling / Floor Mount for ø50mm Poles

- Can be used to mount poles to the ceiling or to the floor
- Heavy Duty steel capable of supporting substantial loads
- Cover plate included for smart installation
- Includes grub screws which allow micro-adjustment of pole angle
- Supplied with safety bolt for a secure install
- Ceiling plate diameter: 150mm
- Ceiling drop: 141mm
- Pole sold separately

**max load can be increased when being used as part of a floor to ceiling installation*
Registered Design Number: 002741256-0010

BT7807

Fixed Twin

Heavy Duty Twin Floor / Ceiling Mount for ø50mm Poles

- Can be used to mount poles to the ceiling or to the floor
- Heavy Duty steel capable of supporting substantial loads
- Includes grub screws which allow micro-adjustment of pole angle
- Speeds up twin pole installations by eliminating need to measure distance between pole centres
- Supplied with safety bolt for a secure install
- Plate dimensions: 426mm x 150mm
- Elevation / ceiling drop: 141mm
- Pole sold separately

**max load can be increased when being used as part of a floor to ceiling installation*
Registered Design Number: 002741256-0008

BT7808

Tilt

Heavy Duty Ceiling Mount with Tilt for ø50mm Poles

- Ideal solution to pole mount screens and projectors to flat or angled ceilings
- Allows poles to be mounted on to walls in landscape or portrait configurations
- Supplied with safety bolt for a secure install
- +/-90° Tilt of pole for angled ceilings
- Max Load: 140kg
- Pole sold separately

Registered Design Number: 002741256-0009

BT7831

Wall Mounting

Wall Mounting Bracket for ø50mm Poles

Registered Design Number: 002741256-0012

- Allows poles to be mounted vertically on to walls
- Ideal for use with B-Tech ceiling / floor mounts to create ceiling-to-wall or floor-to-wall installations
- Heavy duty steel capable of supporting substantial loads
- Supplied with safety bolt for secure installation

BT7851

Adjustable Drop

Registered Design Number: 403650

Telescopic Ceiling Mount For ø50mm Poles

- Ceiling drop: 600mm - 1000mm in 25mm increments
- Ceiling plate diameter: 150mm
- Cover plate included for smart installation
- Cable management
- Longer drop available using BT7823 Pole Joiner and any BT7850-Pole

BT7803

Wall Arm with Swivel

Registered Design Number: 002741256-0011

Wall Arm for ø50mm Poles

- Single arm for 180° swivel
- Cover plate included for smart installation
- Supplied with safety bolt for secure installation
- Arm length: 535mm
- Pole sold separately

BT7012

Purlin Mount

Purlin Mount for $\varnothing 50\text{mm}$ Poles

- Adjustable purlin mount for use with 50mm poles
- Cable management
- Supplied with safety bolt for secure installation
- Locking bolt included to securely set the pole vertical at any angle up to 45°
- Fits "Cee" and "Zee" section purlin with a minimum height of 95mm
- Can also be mounted to beams and girders
- Pole sold separately

BT7017

I-Beam (Girder) Mount

I-Beam Girder Mount for $\varnothing 50\text{mm}$ Poles

- Adjustable I-Beam (girder) mount for use with 50mm poles
- Cable management
- Supplied with safety bolt for secure installation
- Locking bolt included to securely set the pole vertical at any angle up to 36°
- Fits I-Beams and thick steel from 80mm - 250mm in width
- Pole sold separately

BT7014

Joist Mount

Joist Mount for $\varnothing 50\text{mm}$ Poles

- Designed to be mounted to the side / underside of a beam / joist
- Supplied with safety bolt for secure installation
- Can be bolted through a joist using supplied back plates
- Screws / bolts not included
- Pole sold separately

BT7825

Truss Clamp

Truss Mount for $\varnothing 50\text{mm}$ Poles

- Adjustable adaptor for attaching 50mm poles to truss systems, scaffolding and other horizontal poles
- Cable management
- Supplied with safety bolt for secure installation
- Fits truss size from 42mm - 50mm
- Zinc plated clamp
- Pole sold separately

BT7823

Pole Joiners

Internal Pole Joiner for $\varnothing 50\text{mm}$ Poles

- Allows a rigid join of 2x $\varnothing 50\text{mm}$ poles
- Heavy duty steel supports substantial loads with minimal movement
- Hidden from view once installed for a seamless pole join
- Allows cables to pass through the poles and joiner
- One-piece design for a quick install
- Poles sold separately

BT7824

Pole Joiners

External Pole Joiner $\varnothing 50\text{mm}$ Poles

- Allows a rigid join of 2x $\varnothing 50\text{mm}$ poles
- Heavy duty steel supports substantial loads with minimal movement
- Allows cables to pass through the poles and joiner
- Allows cable access mid-pole
- Supplied with safety bolts for secure install
- Includes grub screws which allow micro-adjustment of pole angle
- Poles sold separately

BT7055

Pole Finishing Ring

Ceiling Finishing Ring for $\varnothing 50\text{mm}$ Poles

- Escutcheon ring designed to improve the look of a ceiling mounted pole
- Can be retro-fitted onto poles, using new split design for easier installation
- Ideal for use with suspended ceilings
- Pole sold separately

Registered Design Number: 002741256-0005

BT7056

Floor Fixing Kit

Floor Fixing Kit for 50mm Poles

- Allows poles to be fixed to the floor to prevent lateral movement in a floor to ceiling installation
- Cover can be retro-fitted onto poles, using new split design
- Suitable for most floor types including concrete and wooden floors
- Black or Chrome cover for a smart installation

BT7052

Collar

50mm Accessory Collar

- Accessory collar for use with 50mm poles
- Choice of 3 colours: Black, Silver or Chrome cover plate

Registered Design Number: 4003652

BT7051

Heavy Duty Collar

50mm Heavy Duty Accessory Collar

- Heavy duty accessory collar for use with 50mm poles
- Double attachment
- Choice of 3 colours: Black, Silver or Chrome cover plate

Registered Design Number: 4010370

BT7841

2-Piece Collar

50mm Accessory Collar

- Accessory collar for use with 50mm poles
- Can be retro fitted to existing installations
- Split design allows collar to clamp tightly to poles without marking them
- Includes safety grub screws for use with existing holes in the pole

Registered Design Number: 002741256-0013

BT7850-CAP

End Cap

End Cap for 50mm Poles

- Designed to fit any 50mm pole

BT7057

End Ring

End Ring for 50mm Poles

- Creates a neat appearance at either end of any B-Tech 50mm pole
- Protects cables against the rough edge of hand sawn poles

BT7025

Horizontal Collar Adaptor

Collar Adaptor for Horizontal Poles

- Allows poles to be mounted horizontally across fixed vertical poles
- *Collars available separately*

Visit www.btechavmounts.com/BT7025 for more configurations

BT7862

Twin Pole Adaptor

Accessory Adaptor for Twin Pole Floor Stands

- Designed to mount AV accessories such as shelves centrally between 2 poles
- Ideal for use with B-Tech trolleys
- Max load 40kg
- Compatible with single and double attachment collars (available separately)
- Compatible with 50mm and 60mm collars

**Poles and collars available separately*

BT7863

VC Shelf

VC Camera Shelf

- Designed to mount video conferencing cameras to poles
- Fits most VC cameras with 1/4 inch thread
- Features 100x100mm fixing points
- Ideal for Radvision® XT5000 Codec
- Max load 4kg

BT7864

Twin Pole VC Shelf

VC Camera Shelf for Twin Pole Floor Stands

- Designed to mount a video conferencing camera centrally between 2 poles
- Ideal for use with B-Tech trolleys
- Max load 4kg
- Compatible with single and double attachment collars (sold separately)
- Compatible with 50mm and 60mm collars

**Poles and collars sold separately*

BT7865

Computer Peripheral Shelf

Keyboard and Mouse Shelf for Pole Mounting

- Designed to mount a keyboard and mouse to a single or double pole
- Fixed tilt angle of 10°
- Max keyboard size: **W:** 465mm x **D:** 175mm
- Usable space for mouse: 230 x 255mm
- Compatible with single collars

**Poles and collars sold separately*

BT899

Heavy Duty Projector Mount

Pole Mounted with Micro-Adjustment

- Designed for projectors up to 25kg
- Compatible with the B-Tech System 2™ Professional Range and NPT pipe systems
- Features +/-13° tilt, +/-6° roll and 360° swivel
- Maximum distance between any two fixing points: 370mm
- Pole sold separately

Registered Design Number: 001713305-0004

BT899-XL

Extra-Large Projector Mount

Extra Large Pole Mounted Projector Ceiling Mount with Micro Adjustment

- Same as BT899 but features increased maximum fixing dimensions
- Maximum distance between any two fixing points: 493mm
- Pole sold separately

Registered Design Number: 001713305-0004

BT7819-888

Pole Mounted

Universal Projector Mount

- Universal mount to fit projectors up to 15kg
- Unique carousel mount for simple installation with all mounting hardware included
- Maximum distance between any 2 fixing points: 340mm
- Distance from top of collar to projector: 195mm
- Maximum tilt and swivel at ball joint bracket: 37° in any direction

BT6010

Security Camera Mount

Security Dome Camera Mount

- Designed for use with CCTV cameras
- Distance between any 2 fixing points on CCTV camera:
Min: 63.5mm
Max: 103.5mm including VESA® 75 x 75mm
- Unique carousel mount for simple installation with all mounting hardware included
- Maximum weight 25kg
- Available in Zinc finish

BT7860

Apple TV* Mount

Apple TV* Mount

- Designed to mount an Apple TV player to your wall or to a pole
- Features +/-90° tilt and 75° swivel
- Open design for greater airflow to keep the device cool
- Features security locking bar and screws to help prevent unauthorised removal of the device
- Compatible with single collars (sold separately)

*TM and ©2013 Apple Inc. All rights reserved.

BT7867

Digital Signage Cradle

Digital Signage Box Cradle

- Cradle designed to mount a digital signage player to a BT7522, BT8431 and BT8432
- Max load 1kg
- Open design for greater airflow to keep the player cool
- Security screws help prevent unauthorised removal of the player
- Made to order based on the dimensions of your device, please ask for details

BT8026

Fixed Pole Mount

Large Flat Screen ø50mm Pole Mount

- 2 x 2-Piece split collars included
- Mounts screen in landscape or portrait style
- Security Allen key and screws provided
- Supplied with safety bolt for secure installation
- Simple 'hook-on' installation with all mounting hardware included
- Use with BT8009 for back-to-back screen installations
- Can be used with both vertical and horizontal poles
- Ceiling mounts, pole and flat screen interface sold separately
- Must be used with flat screen interface kit (BT7507 / BT8500)

BT7507

VESA® Screen Interface

VESA® Flat Screen Interface Kit

- Suitable for screens up to 70kg
- Fits 75 x 75, 100 x 100, 200 x 100 and 200 x 200mm VESA® mounting patterns
- Suitable for screens using M4, M5, M6 and M8 fixings
- Can be fitted to mount in either landscape or portrait style
- Must be used with a professional screen mounting solution (BT8009 / BT8026 / BT8027)

BT8027

Tilt Pole Mount

Large Flat Screen ø50mm Pole Mount with Tilt

- 2 x 2-Piece split collars included
- Tilts up to +20° with fixed positions of 0°, 15° and 20°
- Mounts screen in landscape or portrait style
- Supplied with safety bolt for secure installation
- Use with BT8009 for back-to-back screen installations (only one screen will tilt)
- Can be used with both vertical and horizontal poles
- Ceiling mounts, pole and flat screen interface sold separately
- Must be used with flat screen interface kit (BT7507 / BT8500)

BT8500

Universal Screen Interface

Universal Flat Screen Interface Kit

- Suitable for screens up to 70kg
- Maximum distance between fixings:
H: 755mm x **V:** 410mm
- Fits all VESA® fixings up to 600 x 400mm
- Can be fitted to mount in either landscape or portrait style
- Must use with a professional screen mounting solution (BT8009 / BT8026 / BT8027)

BT8009

Low Profile

Flat Screen Mounting Plate

- Suitable for concrete / brick or stud walls up to 12" (30cm)
- Mounts screen only 22mm from wall when a BT7507 interface kit is used and 41mm when a BT8500 is used
- Compatible with BT8026, BT8027 for back-to-back screen mounting
- Fixes to non B-Tech trolley / floor stands (with pole centres 62.5mm - 157.5mm or 204mm - 299mm using accessory collars)
- Fits industry standard 150 x 150mm fixing points
- Collars not included
- Must be used with flat screen interface kit (BT7507 / BT8500)

BT7861

Adaptor Plate

Adaptor Plate for 150 x 150mm fixings

- Designed to attach BT7532 (see page 30) to 150 x 150mm interfaces
- Max load 40kg
- Compatible with ø50mm and ø60mm collars (available separately)

BT7551

Flat Screen Mount - Single

Single Flat Screen Mount for ø50mm Poles

- Suitable for screens using VESA® fixings 75 x 75mm and 100 x 100mm
- Maximum load: 23kg
- +/- 10° tilt adjustment and 360° swivel
- 360° screen rotation
- Integrated cable management
- Keyhole mounting for easy 'hook-on' installation
- Can be used as a ceiling, floor or desktop mount

BT7553

Available as complete ceiling or
desk mount packages - page 59, 65

BT7552

Flat Screen Mount - Double

Back-to-Back Flat Screen Mount for ø50mm Poles

- Suitable for screens using VESA® fixings 75 x 75mm and 100 x 100mm
- Maximum load: 23kg per screen
- +/-10° tilt adjustment and 360° swivel
- 360° screen rotation
- Integrated cable management
- Keyhole mounting for easy 'hook-on' installation
- Can be used as a ceiling, floor or desktop mount
- Screens can be mounted offset from each other or in-line with each other using the optional adaptor arms

BT7554

Available as complete ceiling or
desk mount packages - page 59, 65

B-Tech offer an extensive range of products available off-the-shelf. However, if you can't find what you are looking for please contact our sales team to discuss your requirements. If we don't have an off-the-shelf solution which meets your needs, our team of engineers combined with excellent manufacturing facilities enables us to provide bespoke mounting solutions for virtually any application.

This service enables you to specify a custom requirement that isn't catered for by our standard or component ranges. Our highly skilled team of engineers in the UK will design and manufacture a bespoke solution to meet your exact requirements. Working with some of the latest design software and manufacturing technologies allows us to develop and manufacture short run lines and bespoke products in a timely fashion.

If you have a requirement for a product which is not featured in the B-Tech range, please contact us to discuss your requirement.

BESPOKE MOUNTING SOLUTION EXAMPLES

BESPOKE SOLUTIONS

GLOBAL MANUFACTURING NETWORK

A key advantage when using B-Tech Audio Video Mounts for bespoke manufacturing projects are the options provided by B-Tech's established global manufacturing network. Urgent and short run projects can be manufactured in the UK at highly competitive rates. Off-shore manufacturing enables B-Tech to offer even better pricing and our service will still include delivery from our UK warehouse as normal if so desired. FOB sourcing of both standard and bespoke products is also available on request.

The bespoke service process

1. Design

Contact us with details of the project. One of B-Tech's technical team will then contact you to discuss your requirements further, and develop a brief.

A dedicated B-Tech engineer will be appointed to develop your concept, and drawings will be sent to you for approval. When the solution design has been agreed, an estimated cost and delivery schedule will be supplied.

B-Tech aim to complete the initial design process within 7 days, depending on the complexity of the requirement.

2. Development (Project Dependent)

Initial 3D printed prototypes followed by working samples are extensively assessed and tested, to ensure they meet the required parameters of the project.

Once the design has been approved in writing, a prototype can be manufactured (if required). This working prototype will be sent to you for testing. Any amendments can be made based on your feedback and production drawings finalised.

3. Production and Delivery

A final quotation is submitted and delivery information provided. Once agreed, production will begin, with all stages of manufacturing overseen by your dedicated engineer.

Your product is then packaged to your specification and shipped to your preferred location. Production and delivery times can vary; we will keep you updated at all stages of the process.

Initial consultation and product development is free of charge, with no obligation to purchase*.

**Please ask for details.*

In-house, 3D printed prototypes are an important (and convenient) part of the design process.

VENTRY RETAIL RANGE

Ventry retail range now includes our range of Speaker mounts and Control Boxes

Ventry Features

Ventry
range

The BTV500, BTV510, BTV520, BTV501, BTV511 and BTV521 all include a locking bar which prevents unauthorised screen removal

Built in Spirit Level for easy levelling when mounting on the BTV112, BTV113, BTV114, BTV502, BTV503, BTV504 and BTV514

VESA® Fixing Compatible

Integrated cable management for a tidy installation on the BTV112, BTV113, BTV114, BTV502, BTV503, BTV504 and BTV514

Easy Installation

BTV110

Fixed - Small

Ultra-Slim Flat Screen Wall Mount

- Designed for screens up to 23" (58cm) / 20kg
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Low profile design mounts screen only 15mm from wall

Registered Design Number: 566831-0001

BTV113

Single Arm - Small

Single Arm Flat Screen Wall Mount with Tilt and Swivel

- Designed for screens up to 23" (58cm) / 15kg
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Features +/-15° tilt and 180° swivel
- 360° screen rotation
- Distance from wall: **Min:** 105mm **Max:** 240mm
- Integrated Spirit Level and cable management
- Interface can be secured in place with a padlock (not supplied)

Registered Design Number: 001334981-0002

BTV112

Tilt and Swivel - Small

Flat Screen Wall Mount with Tilt and Swivel

- Designed for screens up to 23" (58cm) / 15kg
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Features +/-15° tilt and 180° swivel
- 360° screen rotation
- Distance from wall: 105mm
- Integrated Spirit Level and cable management
- Interface can be secured in place with a padlock (not supplied)

Registered Design Number: 001334981-0001

BTV114

Double Arm - Small

Double Arm Flat Screen Wall Mount with Tilt and Swivel

- Designed for screens up to 23" (58cm) / 15kg
- Fits screens with VESA® mounting patterns: 75 x 75 and 100 x 100mm
- Features +/-15° tilt and 180° swivel
- 360° screen rotation
- Distance from wall: **Min:** 105mm **Max:** 385mm
- Integrated Spirit Level and cable management
- Interface can be secured in place with a padlock (not supplied)

Registered Design Number: 001334981-0006

BTV500

Fixed - Medium

Universal Flat Screen Wall Mount

- Designed for screens up to 42" (107cm) / 40kg
- Fits screens with mounting patterns up to: **H:** 225mm x **V:** 200mm including screens using VESA® fixings up to 200 x 200mm
- Low profile design mounts screen only 20mm from wall
- Security locking bar to prevent unauthorised screen removal

Registered Design Number: 001713280-0020

BTV503

Single Arm - Medium

Single Arm Flat Screen Wall Mount with Tilt and Swivel

- Designed for screens up to 42" (107cm) / 25kg
- Fits screens with VESA® mounting patterns: 75 x 75 to 200 x 200mm
- Features +/-15° tilt and 180° swivel
- 360° screen rotation
- Distance from wall: **Min:** 105mm **Max:** 240mm
- Integrated Spirit Level and cable management
- Interface can be secured in place with a padlock (not supplied)

Registered Design Number: 001334981-0005

BTV501

Tilt - Medium

Universal Flat Screen Wall Mount with Tilt

- Designed for screens up to 42" (107cm) / 40kg
- Fits screens with mounting patterns up to: **H:** 225mm x **V:** 200mm including screens using VESA® fixings up to 200 x 200mm
- 5 fixed tilt positions up to +15°
- Mounts screen only 44mm from wall
- Security locking bar to prevent authorised screen removal

Registered Design Number: 001713280-0022

BTV504

Double Arm - Medium

Double Arm Flat Screen Wall Mount with Tilt and Swivel

- Designed for screens up to 42" (107cm) / 25kg
- Fits screens with VESA® mounting patterns: 75 x 75 to 200 x 200mm
- Features +/-15° tilt and 180° swivel
- 360° screen rotation
- Distance from wall: **Min:** 105mm **Max:** 385mm
- Integrated Spirit Level and cable management
- Interface can be secured in place with a padlock (not supplied)

Registered Design Number: 001334981-0006

BTV502

Tilt and Swivel - Medium

Flat Screen Wall Mount with Tilt and Swivel

- Designed for screens up to 42" (107cm) / 25kg
- Fits screens with VESA® mounting patterns: 75 x 75 to 200 x 200mm
- Features +/-15° tilt and 180° swivel
- 360° screen rotation
- Distance from wall: 105mm
- Integrated Spirit Level and cable management
- Interface can be secured in place with a padlock (not supplied)

Registered Design Number: 001334981-0004

Ventry Wall Mounts - Large / X-Large

Flat Screen
Wall Mounts

BTV510

Fixed - Large

Universal Flat Screen Wall Mount

- Designed for screens up to 55" (140cm) / 50kg
- Fits screens with mounting patterns up to: **H: 425mm x V: 400mm** including screens using VESA® fixings up to 400 x 400mm
- Low profile design mounts screen only 20mm from wall
- Security locking bar to prevent unauthorised screen removal

Registered Design Number: 001713280-0021

BTV520

Fixed - X-Large

Universal Flat Screen Wall Mount

- Designed for screens up to 65" (165cm) / 70kg
- Fits screens with mounting patterns up to: **H: 825mm x V: 500mm** including screens using VESA® fixings up to 800 x 500mm
- Low profile design mounts screen only 20mm from wall
- Security locking bar to prevent unauthorised screen removal

Registered Design Number: 001713280-0011

MOUNTING SOLUTIONS

for the

SONOS®

SPEAKER RANGE

B-Tech's Ventry Range of speaker mounts are ideal for a wide range of speakers including the popular SONOS® PLAY:1™, PLAY:3™ and PLAYBAR™. Pairing the SONOS range of wireless speakers with Ventry speaker mounts means listening to music in any room of the house couldn't be simpler.

BT332 is an ideal for solution for wall mounting SONOS **PLAY:1™** speakers to create full stereo sound in any room

Mounting your **PLAY:3™** is made easy with the **BT15** Speaker Mount with adjustable arms.

BT608 stands feature sound isolation spikes for enhanced sound dispersion when floor mounting **PLAY:1** speakers.

The SONOS **PLAYBAR™** can be mounted easily to the top or bottom of your TV Screen with **BTV914**.

Our Cantabria Range of **Premium AV Stands** are perfect solutions for holding larger products such as **PLAY:5™** as well as other AV devices.

The recently updated **BT11** Speaker Floor Stands now make floor mounting **PLAY:1** speakers quick and easy.

Available now, please visit www.btechavmounts.com or contact your local sales representative for more information.

DISCLAIMER

B-Tech security fasteners are designed as a security deterrent only. B-Tech, B-Tech Distributors and B-Tech resellers accept no liability for loss or resulting costs incurred from the theft, attempted theft or unauthorised removal of any item(s) mounted using B-Tech security fasteners. Security screw removal tools are widely available and all B-Tech security fasteners are intended as a deterrent to the opportunist thief only.
